Regarding: Laboratory results (FFV00566)

Each year the Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) delivers a number of programs related to food safety. One such program is the Food Safety Monitoring Program. As part of this program, samples of Ontario produce are collected from across the province and analyzed at the University of Guelph Laboratory Services for either chemical residues or microbial contamination.

On August 28, 2023 a sample of your produce was collected and submitted for lab analysis. Laboratory results are indicated below for your records. If the results were found to have exceeded food safety standards, you would have been notified by phone at the time the results were available.

Sample Information:

OMAFRA Sample ID:	FSM081771
Commodity Type:	Apples / Apples
Lot Code:	No Lot Code
Collection Date:	August 28, 2023
Collected From:	Jing Li
Project Name:	Fresh Produce - Chemical Monitoring

Type of Analysis

Results

Acetamiprid by LC-MS/MS	0.00500	ppm
Boscalid by LC-MS/MS	0.01700	ppm
Chlorantraniliprole by LC-MS/MS	<MQL	
EBDC by LC-MS/MS	0.01700	ppm
EBDC Screen by LC-MS/MS	DET	
Pesticides Screen by GC-MS/MS	DET	
Pesticides Screen by LC-MS/MS	DET	
Phosmet by GC-MS/MS	<MQL	
Pyraclostrobin by LC-MS/MS	0.00420	ppm

<MDL = Less than Method Detection Limit
DET = Detected on Screen, Confirmations to follow
NEG = Negative

<MQL = Less than Method Quantification Limit
ND = Not Detected on Screen
POS = Positive

Please note the laboratory results reported in this letter were prepared for OMAFRA for use by its staff. The results are specific only to the sample collected and the purpose for that collection. Compliant results are not an endorsement by OMAFRA of the safety of the sampled product or any other commodities that you may produce that were not tested.

Included with this letter is information on how to interpret your lab results.

If you have any additional questions please contact me at (226) 979-4095.

Sincerely,

Linda Hill
Data and Issues Management Coordinator

Good things grow in Ontario
À bonne terre, bons produits
